*Shelton State begins
tours of new campus.*

Beginning Tuesday, July 9, Shelton State will offer organized tours of the new campus on Tuesday mornings and Thursday afternoons. The tours on Tuesdays will begin at 10 a.m. while the tours scheduled for Thursdays will start at 1 p.m. All tours will begin in Room 1111 on the new campus and will last approximately 30-40 minutes. Trained tour guides who are members of the college's staff will host the tours.

Shelton also offers special group and VIP tours of the new campus. We are anxious for the community to see our new facility and are happy to schedule tours for the community.

This first phase of construction includes a main building encompassing 262,000 square feet - roughly half of the total area to be incorporated in the final plans. The main building houses 14 technical and occupational programs, the college's Wellness Center, a cafeteria, and a

gymnasium. There are classrooms for general use as well as a 235-seat lecture room fully equipped for telecommunications down-links and multimedia presentations. In addition, a 16,400 square-foot building for welding, diesel mechanics, and truck driving classes has been completed on the grounds near the main building.

For more information on campus tours or to schedule a tour of the new facility, please contact Lucy Kubiszyn, 391-2221, in the public relations office or Deborah Bonner, 391-2234, in the recruiting office.

S H E L T O N H O L D S T Q M W O R K S H O P F O R C O U N T Y S C H O O L O F F I C I A L S

Recently 15 representatives from the Tuscaloosa County School System attended a workshop that was held on Shelton's new campus. As part of the three-hour workshop, college representatives offered

insight and information on Shelton's TEAMSpirit model and how it could be used by the Tuscaloosa County School System in site-based management. The workshop also included a tour of the college's new facilities.

According to Johnny Parker, director of process improvement, it's easy to talk about 'quality' but doing 'quality' is a lot more difficult. "Doing quality requires a change in organizational culture and a well reasoned implementation plan that is effectively communicated to all employees," Parker said.

"TQM is about value; how we value our customers, primarily our students but also parents, alumni, employees, employers, officials, and taxpayers. Unlike old committees, teams are fun. Team members look forward to team meetings and activities. Maintaining teamwork, enthusiasm and commitment is vital to success. Team facilitators ensure that team maintenance activities are balanced with content activities. If teams are not having fun while they are working, they should stop what they are doing, lighten up, and do something for

fun. Focusing on 'content' all the time is a downer," Parker said.

As part of the workshop, Randy Jarrell, director for leadership training, discussed the training sessions for employees and how they were designed. Pamela Anderson, Joyce Jolly and John Speight discussed with the county school representatives how the team concept was implemented at Shelton

Brenda Ryan, Jim Jolly, and Carol Bussey shared ways of implementing quality in the classr

FACES 'N PLACES

*KUDOS to the Tuscaloosa Home Builders Association and this year's Parade of Homes. Part of the proceeds from the sale of a home in Woodland Forest Gardens will be used to help fund trade-related scholarships at Shelton State. The association will give \$10,000 to help fund scholarships. The house is located at 6119 Garden Oaks Drive, lists for \$249,500, and was built by Pete Calvert, first vice president of the association.

*Assistant Dean Bruce Bizzoco leaves soon for a one-month stay at the 1996 Olympic Games in Atlanta, Georgia. Bizzoco's official title is sports information supervisor for fencing. Unofficially, he promises to send information back to Shelton on the big event.

*And speaking of the Olympics, Kari Kubiszyn, daughter of Lucy and Jack Kubiszyn and the 1992 director of the Miss Shelton State Pageant, will also be working at the Olympic Games in Atlanta. Ms. Kubiszyn, who is a communications specialist with Alabama Power, will be working with Georgia Power employees during the games. Georgia Power is the official energy source for the Olympics.

*AND DIDN'T SHE WOW THEM! THAT'S RIGHT! Our own Martha Ann Hill brought the house down with applause at the standing-room-only session that was held recently at the annual International Conference on Teaching and Leadership that was held in Austin, Texas.

Her session, "How to Deal With the Jerks in Your Life," drew the curious and frustrated and was so popular that she had to repeat the session later for

another standing-room-only group.

According to *COMMUNITY COLLEGE WEEK*, Hill's session was the most popular of the conference, and she was referred to in the article as "the fireball from Alabama.!"

*The Tuscaloosa City Council voted last week to give \$150,000 to Shelton State Community College to help with the new facility. The money comes from the city's contingency fund and is contingent on the college annexing the remainder of its property into the Tuscaloosa city limits.

DON'T FORGET THE WILD WILD WEST ALABAMA PARTY

It's time to put on your western duds and join the Shelton State Alumni Association for a great event. The Wild Wild West Alabama party will be held on Saturday, July 20, from 4-7 p.m. at Shelton's new campus.

People are encouraged to come and bring their children. Admission is \$2 for anyone over 12 years of age. There will be music by Michael and the Memories, entertainment by Kip Tyner,

Jill Linn, Stephanie Wilkins, the Line Dancers and others.

There will also be special games for children, such as the Moonwalk, face painting, mask painting, Children's games, and lots of other fun events.

Food will also be sold at the event. Barbecue plates are available for \$5 when ordered in advance or \$5.50 the night of the party. To order your barbecue plate, contact the Alumni Office, 391-2221 or 391-2252.

The Alumni Association will be serving hot dogs, and Kentucky Fried chicken will have their famous fried chicken for sale as well. And, of course, there will be plenty of soft drinks for everyone.

Tours will be given every 30 minutes during the evening for people who would like to see the new campus. Come on out, bring your friends and families. And, by the way, we hope you will want to join the Alumni Association!

Membership is \$15 a year! We also need volunteers to help the night of the party. Give us a call!

QUALITY COUNCIL MEMBERS ANNOUNCED

Members of the new Quality Council have recently been announced.

They are: Shirley Spencer, SIT#1; Shirley Johnson, SIT#2; John Speights, SIT#3; Jim Jolly, SIT#4; and Bill Aldridge, SIT#5.

At-Large representatives include: Randy Jarrell; Joyce Jolly; Shirley Nix; and Arthur Howington.

Congratulations to the new Quality Council and Good Luck!

SHELTON STATE COMMUNITY COLLEGE INSTITUTIONAL POLICY

NEW CAMPUS FACILITIES (INTERIOR/EXTERIOR FACILITIES)

SHELTON STATE COMMUNITY COLLEGE WILL TAKE PRECAUTIONARY AND PREVENTATIVE MEASURES TO PROTECT AND MAINTAIN THE BEAUTY AND

DECORUM OF ALL INTERIOR/EXTERIOR SURFACES OF THE NEW CAMPUS FACILITIES. IMPLEMENTATION OF THIS POLICY IS THE RESPONSIBILITY OF THE VICE PRESIDENT.

GUIDELINES:

1. Procedures to protect and maintain interior/exterior surfaces will be developed by the Director of Operations and Maintenance /Security and approved by the Vice President.

2. The Director of Operations and Maintenance/Security will communicate approved procedures to all College personnel.
